

### Accessibility

The trail is approximately 2km long across mostly flat grass and some gravel. Wear good walking shoes and comfortable clothing. There is free parking onsite.

### Outdoor art

Enjoy the sculptures using the map and use the website to find out more information about the artists and artworks.

### Indoor gallery and tasting room

There are a number of smaller sculptural works for sale in the Paritua tasting room. Visit the tasting room to sample wines crafted from the very grapes along the trail, or enjoy a picnic.

### Kids fun

On a family day out? Pick up the Kids Trail Map to use while you walk the trail.

### Keeping safe

As an outdoor event on a working farm, there are a number of hazards to be aware of including running streams, farm machinery, and uneven ground. Protect yourself from the sun and stay hydrated.

### Show your appreciation

Arts Inc. is a registered charity that strengthens community wellbeing and connection through delivering iconic, premier events and programmes. To keep it accessible and provide activities everyone can enjoy, we rely on fundraising and sponsorship. Please show your appreciation and donate to support future events.

### Sales

Most works are for sale. Enquiries can be made at the information desk at the start of the trail.
